Doors that Welcome... Doors that Protect

Security & Safety isn't just our moto we live by it.

A couple of years with a dream to revolutionise the Steel Door and Window market sounds like a big task. However, when you combine 32 years of architectural metal product market experience and an inextinguishable burning drive to succeed, you can turn that dream into a reality.

Doors with a difference

Basic Doors is revolutionising the Security Safety Door, Main Doors and French Doors Industry by bringing together stunningly designed Laser Cut Designer Doors, with high level home Security Door Systems. You can choose beautiful Laser Cut Designs from [Google](#) [Pinterest](#) & also our Unlimited Stranded Design Range which is useful for Bungalows, Flats, Offices etc.
